

A person is seen from behind, standing in a warehouse. They are wearing a dark-colored t-shirt with the 'BROADSWORD' logo and 'PRINT • DIGITAL • DISPLAY' text on the back. They are positioned in front of several pallets stacked with boxes. The boxes have labels that also feature the Broadsword logo and text. The entire scene is overlaid with a semi-transparent orange filter.

Your Guide Display at Broadsword

BROADSWORD

Your Display Guide.

Whether you're looking at display boards for your presentation, or full exhibition stands Broadsword have a solution for you.

Our state-of-the-art flatbed UV printer is capable of printing onto numerous materials, including paper, vinyl, polypropylene, wood, plastic, acrylic, cardboard, and corrugated/honeycomb board (to name but a few).

We also have white ink capabilities so if you want your flags printed on colour or your exhibition displays printed on a black background, we can do it.

You want your display project to be a success, and you want to pay competitive rates without compromising on quality.

That's what Broadsword offers.

Boards to
Full Exhibitions!**

About Flatbed Printing.

Broadsword offers a flatbed printing service which is the standard choice for display products such event or retail signage.

Our state-of-the-art flatbed printers use inks made from acrylic monomers, which are exposed to a strong UV-light to polymerise or 'cure' them. This process allows for printing on a wide range of surfaces – Broadsword's printers support paper, vinyl, polypropylene, wood, plastic, acrylic, cardboard, and corrugated/honeycomb board.

Thanks to the integration of digital printing technology, no silkscreens or printing plates are necessary to complete the flatbed printing process. The adjustable printing bed can handle surfaces ranging in thickness from paper-thin up to several inches, making it extremely versatile.

**State-of-the-art
printing
capabilities**

*“Thanks for sorting out the exhibition, the stand was fantastic!
You’re guys did Broadword proud too with the install and
dismantle at the show.”*

Stuart Colclough – UK Sales Manager - Flex

A person is seen from behind, wearing a dark t-shirt with the 'BROADSWORD' logo and 'PRINT • DIGITAL • DISPLAY' text. They are standing in a warehouse or factory setting, surrounded by several pallets of printed materials, likely brochures or displays, which are wrapped in clear plastic. The background is filled with industrial shelving and more pallets, creating a sense of a busy production or distribution environment. The entire image has a warm, orange-toned overlay.
